

TRAVELING PROJECT MANAGER OR FOREMAN

ERMCO completes projects across the United States, and becoming one of our traveling project managers or foremen entails overseeing assigned projects outside of our central Indiana base. Traveling team members must excel in leadership, ensure that project teams operate efficiently, adhere to our safety and quality standards, and maintain clear communication with clients, our partners and ERMCO. Taking on a traveling role requires adaptability and a commitment to upholding ERMCO's reputation for excellence across diverse geographic areas.

IF YOU ARE:

- ✦ Adaptable - willing to travel and live in different locations as well as work with different project types and partnering teams.
- ✦ Tech friendly - enjoy working with the latest software needed for communicating wherever you are in the country.
- ✦ Self motivated - driven to see projects and tasks all the way through the project life-cycle.
- ✦ A problem solver – you excel at identifying issues, analyzing possible solutions and deciding on the best course of action.
- ✦ Innovative – passionate about experimenting and finding more efficient ways to do things.

AND YOU:

- ✦ Like variety – ERMCO performs all types of projects that vary greatly in size, scope and market all across the country.
- ✦ Work well with others - while representing ERMCO and our values as you work throughout the country, you also need to be flexible to how our partners operate.
- ✦ Communicate effectively – with partners, customers, team members and vendors.

BENEFITS OF BECOMING AN ERMCO TRAVELING TEAM MEMEBER:

Housing, travel and additional cost of living support.

Comprehensive and ongoing training to help you succeed in your career.

Overhead employees receive benefits including healthcare, dental, vision, 401k, and life insurance and eligibility in the employee stock ownership plan.

Field employees receive benefits provided by the union collective bargaining agreement including pension and insurance.
