

YOU COULD BE THE NEXT

**ELECTRICIAN OR
SYSTEMS TECHNICIAN**

DO YOU LIKE:

- ✦ Tinkering with wires and getting hands-on with your work?
- ✦ Sound systems, robotics or video displays?
- ✦ Knowing that you're creating better facilities for your community and city?

ELECTRICIANS install and maintain all of the electrical and power systems for our homes, businesses and manufacturing plants. They install and maintain the wiring and control equipment through which electricity flows.

SYSTEMS TECHNICIANS install, maintain and repair the equipment used for electronic communications, cable televisions, satellites, wireless devices, phones, radio, and broadband equipment. They may work on fiber optic lines, transmitters, antennas, and signal processing equipment.

WHY CHOOSE A CAREER IN THE TRADES:

- ✦ All apprentice training is paid and you earn an Associate of Applied Science degree from Ivy Tech Community College as part of your apprenticeship program.
- ✦ Excellent benefits – including full medical insurance and pension.
- ✦ Secure career – the demand for skilled electricians is at an all-time high with a significantly higher starting salary upon graduation compared with average salary for 4-year college graduates and multiple career path choices.

EARN WHILE YOU LEARN

Graduate with a college degree with **NO DEBT!**

Total average income during five-year apprenticeship program: **\$243,600.00**
