

ERMCO INTERNSHIPS

EMPOWERING PEOPLE | INSPIRING INNOVATION

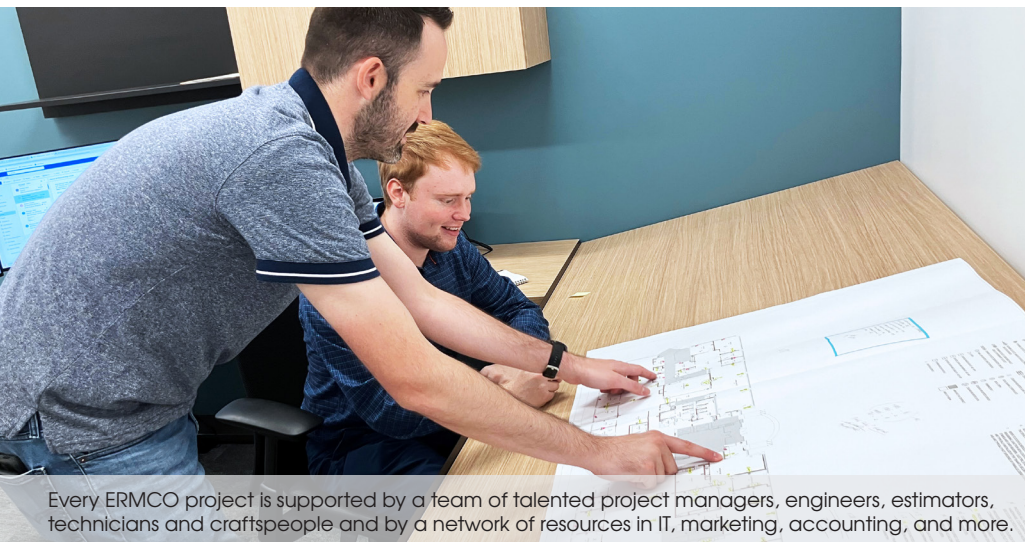

THE COMPANY

ERMCO is an industry-leading electrical, systems and automation contractor working on landmark projects throughout the U.S. As a full-service specialty contractor, ERMCO provides design, integration, installation and maintenance services and has expertise in electrical, systems (audio/visual, security, access control), temperature controls, building automation, and energy solutions for all types of projects.

THE ERMCO CULTURE IS AMAZING. FROM THE FIRST DAY, I'VE HAD THE OPPORTUNITY TO APPLY MY CLASSROOM KNOWLEDGE TO REAL SITUATIONS AND USE CRITICAL THINKING SKILLS TO SOLVE PROBLEMS AND EVALUATE ELECTRICAL SYSTEMS."

DONTE SIMS, 2020 AUTOMATION INTERN

Every ERMCO project is supported by a team of talented project managers, engineers, estimators, technicians and craftspeople and by a network of resources in IT, marketing, accounting, and more.

EMPOWERING PEOPLE | INSPIRING INNOVATION

THE PROGRAM

The ERMCO Internship Program provides real-world experience and mentorship to aspiring young professionals, helping grow the person and the industry. The skills you obtain through our program set you on the path to becoming a well-rounded construction professional.

From the first day, you are part of the team, taking part in staff meetings, company events, and working alongside accomplished professionals.

The annual program runs from late-May through mid-August. Activities and events include:

- Orientation day
- Lunch & Learns
- Technical training
- Social events
- End-of-summer reporting ceremony attended by all interns, the executive team, and department managers and directors.

REQUIREMENTS & ELIGIBILITY

The ERMCO Internship Program is open to college students studying a relevant field of education (i.e. Construction Management, Engineering, Business, and more). The student must have a valid driver's license and pass pre-employment drug screening.

Applications are accepted throughout the year and resumes are kept on file.
